NIDAA | National Usefulness: Civil Defence & Firefighting

The Nidaa app can be a life-saving tool for Tunisia’s Civil Protection units during:

- Forest fires in remote zones

- Natural disasters (earthquakes, floods)

- Blackout emergencies

- Remote rescues in areas without mobile network

Suggested Add-ons

1. Bluetooth Range Extender Drone or Balloon

2. Helmet Signal Device (vibration or light)

3. Fireproof Emergency Message Box

4. Solar Fireproof Power Backpack

5. Special Civil Defence Mode in the App
